24 November 2014

Subject: Application for permissive change to FCC Authorized Base Station Transmitters under FCC identification number Z5W Addition of FCC Rule Part 22 and Rule Part 74.

Dear Sir/Madam.

This letter is in regard to Damm Cellular Systems A/S type approved base station transmitters, equipment type

- ZW5-104013 originally granted 3/7/13

- ZW5-105003 originally granted 3/7/13

A copy of the FCC grants are enclosed.

Damm Cellular Systems A/S requests to have FCC rule part 22 and rule part 74 added onto the grants. Since the technical requirements, in part 22 and part 74 are similar or less stringent than those in part 90, no emissions data or occupied bandwidth information is included with this request. Please refer to information on file, as needed.

No schematic, active devise or circuitry changes have been made to the equipment. This proposed change maintains the existing specifications of the equipment. The equipment will be completely compatible and interchangeable with the existing equipment currently shipped under above mentioned equipment type. The form, fit and function of the base station is identical to the equipment that is currently in production.

Please contact me if you have any questions or need further information regarding this application.

Sincerely Yours,

Damm Cellular Systems A/S

Moritz Hynkemejer

Senior Adviser and Board Member
